- The Registrar will need to have this form given to them before any registration is done.
- This enforces the Club policy of **NO PAY NO PLAY**.
- No player can play or train with the club without being a member of the club. The membership charge will be the minimum payment on registration
- Any player who has outstanding fees for 2005 will be required to pay fees for 2006 in full or pay outstanding fees before taking payment option 2 or 3
- Managers who wish to register players on a match day must submit either a subscription payment form or a \$20.00 fee, along with a player registration form

Any player who does not fulfil this obligation without written application to the registrar/committee will not be able to represent Associates Rugby Club in 2006.

**Failure of Transaction**

A player can opt for any of the payment options designated on the 2006 Subscription Payment Form. However if any of these options fail to be transacted, the player unless alternate method is made (including the dishonour fee) will be unavailable for selection until they make the necessary payment to the Registrar. This policy will be enforced by the Associates Committee, Managers and Coaches

A written application for an alternate method of payment should be submitted to the registrar ( or committee)
